

DIY BALLOON DRUM!

Make your own DIY balloon drum to usher in the Hari Raya Puasa festivities with your family and friends!

ITEMS NEEDED

cups

balloons

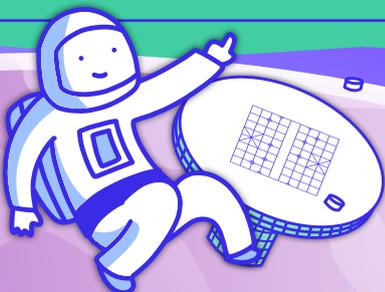

tape

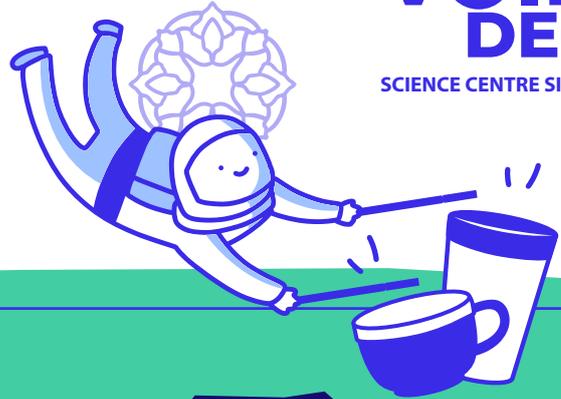

pen/marker

scissors

DIY BALLOON DRUM!

INSTRUCTIONS

Step 1

Prepare some balloons of your favourite colours.

Step 2

Cut the neck of the balloon off with a pair of scissors.

Step 3

Stretch the opening of the balloon over the top of the cup.

Step 4

Use a tape to secure the balloon to the cup to make sure that it does not come off.

Step 5

Repeat the steps using different types of cups and coloured balloons.

Step 6

Use a pen or a marker to hit the drum and listen to the sound that it makes!

FUN FACT

Big cups make low sounds and small cups make high sounds. Try different cups of different materials and listen!
