OREO MOON PHASES

The Phases of the Moon

			
New Moon	Waxing Crescent	First Quarter	Waxing Gibbous
			
Full Moon	Waning Gibbous	Third Quarter	Waning Crescent

DID YOU KNOW?

The Islamic calendar is based on the phases of the moon. When the new crescent moon appears, it means that the fasting month (Ramadan) is over and it's time to celebrate Hari Raya or Eid! The moon's visibility may differ across the globe and as such, different countries may celebrate Eid on different days.

*Match the Oreo's white cream to the shaded area of the Moon.
